CITRUS RESEARCH BOARD
REQUEST FOR PROPOSALS
Audit Services

Basis for Request for Proposals

The California Citrus Research Board, hereinafter referred to as “CRB”, is organized under the authorities of the California Marketing Act, referred to here as the “Act” (Chapter 1 of Part 2, Division 21 of the California Food and Agricultural Code). The CRB has been in existence since 1968, and the specific authorities governing its activities are contained in the grower-approved California Citrus Research Program (the “Order”). During the existence of the CRB, it has utilized assessments provided by California citrus growers to fund production research, variety development, quality assurance, clonal protection, public education and interaction. The CRB also receives federal grant monies to fund research projects.

To ensure continued compliance with the above-referenced Act and Order, as well as to generally maintain grower trust that the fiduciary duties imposed on the CRB and its management are being upheld, the Marketing Branch of the California Department of Food and Agriculture requires that a financial audit and agreed upon procedures engagement be conducted on an annual basis. In addition, the CRB is required to undergo a Federal Single Audit annually.

Auditing Period

It is the California Department of Food and Agriculture and the CRB’s standard operating policy to go out for an RFP for auditing services every 5 years. The CRB intends to continue the relationship with the auditor for no more than five years based on annual negotiation after the completion of the first year’s contract. Each year after negotiation has taken place an annual contract documenting the terms of the audit will be signed. The CRB reserves the right to request proposals at any time following the first year of this contract. Thus, prepare proposals for the following years, with Year one being the only obligated year:

The audit procedures used shall be sufficient to enable the respondent to express an opinion on the fairness of the CRB’s presentation of its financial position, results of operations, and cash flows in accordance with United States Generally Accepted Accounting Principles (GAAP). In addition, such procedures should be adequate to determine

whether the CRB's operations were conducted in compliance with legal and regulatory requirements including California Statutes, Federal Laws, and the CRB's policies and procedures.

2. **Agreed Upon Procedures** - The Auditor is required to perform procedures as specified in the Manual for Performing Agreed Upon Procedures for California Agricultural Marketing Programs, to assist in evaluating CRB's compliance with the California Department of Food and Agriculture (CDFA) *Accounting Guidelines and General Rules*, effective October 1, 2009 with amendments effective January 1, 2011 and January 1, 2017, and the Board's internal policies and procedures.
3. **Federal Single Audit** -The required audits are to be conducted in accordance with auditing standards generally accepted in the United States of America (GAAS); the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States(GAGAS); and the audit requirements of Title 2 U.S *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance).
